

## **Congratulations to the Western Electrical Contractors Education Foundation (WECEF) Scholarship Recipients for 2019!**

Earlier this year, we offered the opportunity for students enrolled in a WECA Apprenticeship program, Electrician Trainee program, or Journeyman-level continuing education classes to apply for the Western Electrical Contractors Education Foundation (WECEF) Scholarship.

(The WECEF Scholarship is intended to assist students whose career pursuits are in the electrical or low voltage fields and to help them in continuing their education with WECA.)

We were gratified by the number of applications we received this year, which resulted in the award of 30 scholarships.

Here are our 2019 WECEF Scholarship Recipients:

Justin Johnson, Apprentice	Sarah Hignojoz, Apprentice
Blake Edwards, Apprentice	Taylor Silva, Apprentice
Su Nguyen, Apprentice	Sean Abele, Apprentice
Joseph Garretson, Apprentice	Austin Fuller, Apprentice
